Klingon G1L leader gunboat  
by Will McCammon  
after Nick Blank  
© 2017 ADB inc.

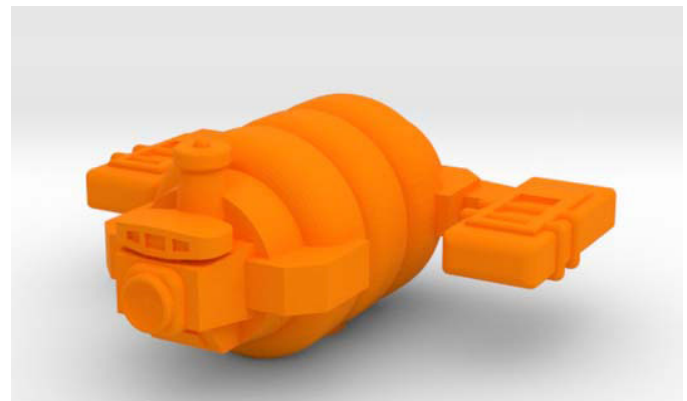

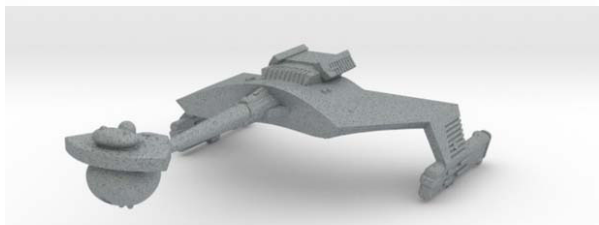

The first of the long-wanted “gunboat” minis, the Klingon G1L is only 5/8” long. This will come on a tree with six G1 standard gunboats and a G1S scout boat.

On Shapeways, in order below, Frax CA, Klingon D7K, Seltorian CA.

Maesron CA and DD

Omega Miniatures Have Arrived.

Ships from Shapeways are available in many kinds of materials, and in some cases in many colors. The Small Utility Ship (above) is in this issue. The web tender (below) was painted by the sculptor.
